

CAPABILITY STATEMENT

Company Overview

LDG Consulting, LLC is a boutique advisory and consulting firm that focuses on the Design, Construction and Real Estate industries. Our clients are those whose core business is not real estate and / or construction management.

For nearly the last 15 years we have refined our service delivery model and customer service to become best in class. The evidence - additional engagements and referral business.

Our diverse backgrounds allow us to not only understand the problems in the field but also allow us to explain the impacts to the project proforma. As a result, "we are as comfortable in our construction boots as we are in our corporate suits"™. We easily translate between the rugged project site and the corporate board room.
